Radiodetection Privacy Policy

Issue 01

Radiodetection is a business unit of SPX Corporation, and follows its policies for the storage, use and retention of personal data. SPX's policy is available on the web: http://www.spx.com/en/data-privacy/privacy/data-privacy/.

FlexiSight™ Manager collects your personal data and this is stored and controlled by Radiodetection Ltd.

Data Storage and Access:

- All personal data collected by Radiodetection is stored on a secure server only accessible by Radiodetection Ltd. employees.
- No data is shared with third parties for their marketing purposes.
- Radiodetection Ltd. will protect personal information by reasonable security safeguards against loss or theft, as well as unauthorized access, disclosure, copying, use or modification.

Data Usage:

Radiodetection Ltd will use the data only if permission is given for the purposes of:

- Communicating technical bulletins that describe critical technical changes or variations of product usage guidelines
- Communicating the availability of software updates
- Communicating the availability of new products, services or special promotions offered by Radiodetection Ltd.

Users can contact Radiodetection Ltd at any time to change their preferences.
